AFFIDAVIT OF ANDREW THOMAS TIGHE

STATE OF ARIZONA COUNTY OF MARICOPA

I, Andrew Thomas Tighe, being first duly sworn, upon my oath, state as follows:

1. I am an adult and am competent to make this affidavit. The statements contained in this affidavit are based upon my personal knowledge and recollection of the events described below.

2. During the November 3, 2020 General Election, I went to a polling location in Arizona for the purpose of casting my ballot.

3. At the polling location, I was directed to use a voting machine to make and review my selections.

4. When making my selections on the voting machine, I selected **Donald J. Trump for President.**

5. Before casting my ballot, I reviewed the selections displayed on the voting machine.

6. During my review, I noticed that the machine was displaying **Joe Biden for President**, even though I had selected **Donald J. Trump** for President.

7. I attempted to correct the presidential selection and again selected Donald J. Trump for President.

8. I then reviewed my selections again and discovered that the machine was still displaying Joe Biden as my selection for **President instead of Donald J. Trump.**

9. Because the voting machine was not displaying the presidential selection that I believed I had made, I brought the problem to the attention of the poll workers.

10. The poll workers removed my ballot from the voting-machine process and instructed me to complete my ballot by hand.

11. I followed their instructions and completed my ballot by hand.

12. After I completed my ballot by hand, I observed that my ballot was placed into a **black bin** at the polling location.

13. I was not certain, after leaving the polling location, whether my vote had actually been properly recorded and included in the election results.

14. My concern was based upon my personal experience with the voting machine, which had repeatedly displayed a presidential selection that was different from the selection I had made, followed by the removal of my ballot from the voting-machine process and my being instructed to complete the ballot by hand.

15. I am making this affidavit to document my personal experience at the polling location, including what I observed on the voting machine, what I reported to the poll workers, the instructions I received, the completion and handling of my ballot, and the concern I had when I left the polling location.

16. I have stated the foregoing based upon my personal recollection and knowledge. I have not intentionally added or omitted any material fact concerning what I personally experienced.

I declare under oath that the foregoing statements are true and correct to the best of my knowledge and recollection.

DATED this 21 day of September, 2026.
