AFFIDAVIT OF KRISTIN [redacted] VAILL

STATE OF ARIZONA
COUNTY OF MARICOPA

I, Kristin [redacted] Vaill, being duly sworn, state as follows:

1. My name is Kristin [redacted] Vaill. I submit this affidavit based on my personal knowledge and firsthand observations.
2. On July 20, 2026, I served as an Inspector at the Eldorado Community Center Vote Center in Scottsdale, Arizona.
3. During setup, I observed four tabulators: two green tabulators and two blue tabulators.
4. One of the blue tabulators was identified as "Blue Tabulator 1."
5. After setup, Blue Tabulator 1 displayed a blinking amber light.
6. Vote Center Judge Arthur Cooper and I performed a reboot of Blue Tabulator 1 together. Following the reboot, I continued to observe the amber light blinking.
7. At approximately 5:42 p.m., I received a telephone call from the election-support hotline. The telephone number displayed or associated with the call was 602-506-7555.
8. During the call, the hotline representative stated words to the effect of, "You fixed it!"
9. I responded, "Fixed what?" because I did not know what the representative was referencing. She then stated words to the effect of asking whether the blinking light had gone solid.
10. I then observed that the amber light on Blue Tabulator 1 had changed from blinking to solid.
11. I do not know what caused the amber light to change from blinking to solid.
12. I request an independent review by a qualified compliance officer to determine how the hotline representative knew Blue Tabulator 1's amber light had changed from blinking to solid before I reported that change. The review should identify the source of that knowledge, determine what caused the light to change, and examine call records, equipment logs, system-access records, and testing records to establish whether required testing was completed and applicable laws, policies, and procedures were followed. I request a tracking number, a firm response date, and one designated case owner responsible for coordinating all departments involved and tracking this matter through closure. Any identified deficiency should receive a documented Corrective Action Plan addressing root cause, corrective steps, responsible parties, deadlines, and verification that the correction worked. I request a written compliance determination and final closure notice explaining the findings and resolution.
13. I request that any written correspondence concerning this matter be sent to me by email at kv4freedom@gmail.com. I prefer not to be contacted by telephone unless I separately authorize telephone contact in writing.
14. I have reviewed this affidavit, and the statements above are true and correct to the best of my personal knowledge and recollection. Where I have stated that I do not know or do not claim something, that limitation is intentional.

DATED this 24th day of September, 2026.

Kristin Margaret Vaill
